

Guide to accessing your Class Blog on Purple Mash:

- 1) Login to Purple Mash as normal. Choose the 'Sharing' tab and select 'Shared Blogs'. You should then see your class blog below.

- 2) Your class blog may look something like this! Press on the green plus to add a post. You can also add pictures to your post!
You only need to give your post a title and content. You **do not** need to put anything in the summary. Once submitted, it won't appear straight away. Your teacher will approve your post before it is shared with the rest of the class.

- 3) You can also comment on existing posts- click on the title of the post, and scroll down to add your comment. Remember, your comment won't be seen by others until your teacher approves it.

The screenshot shows a comment interface with two parts. The top part is a comment box with a placeholder text "Leave the comment" and a purple "Post comment" button. The bottom part shows a submitted comment by "Test Pupil" with the text "Awww, he is so cute!". Below the comment text is a red "Not Approved" status with a school icon and a red slash. The time "Today at 11:39" is displayed on the right side of the comment.
